WHEREAS, a contract for execution by the County with NTS Data Services LLC has been submitted for approval by the Ulster County Legislature, which is described below:

Information Services	NTS Data Services LLC	2015-00000110 - Agreement to manage the Ulster County Voter Database of 110,000+ Active Voters plus 20,000+ Inactive Voters. This includes interfacing with the State-wide voter database, mailing/documenting legally-mandated voter notices, and producing the voter poll list books for the elections. The system provides a platform for voter registration and matches all documents related to the voter's file: registration forms, absentee applications, changes of address, voter history, notices sent out to the voter, and their replies. The NTS system also manages and tracks absentee voters: when they apply, when the ballot was mailed, where the ballot was sent, and when the ballot was delivered to our office. It is important to note that this system helps Ulster County document Federal compliance on overseas and military voters, as well as reporting to the State on temporary and permanent absentee voters.	100% County	Professional Services	1/1/15 - 12/31/18	\$215,792.00
